MORE OPTIONS

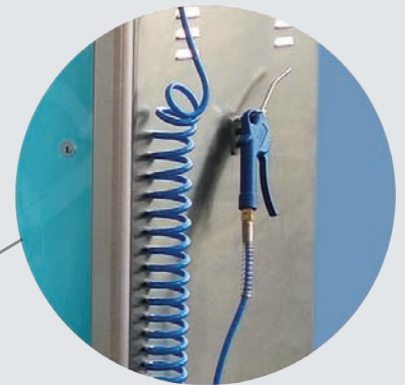

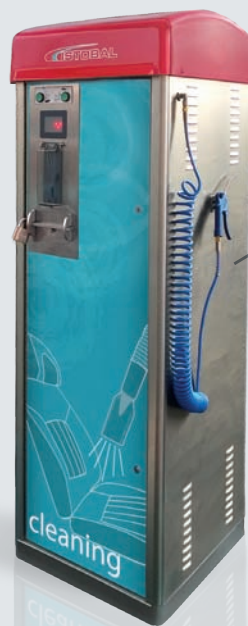

PAYMENT SYSTEMS

Three alternative payment systems: mechanical or electronic coin validator and proximity cards. All three include an external display indicating the service time remaining. Anti-vandal protection can be incorporated as an optional extra.

BLOWER OR FRAGRANCE

With an air blower to reach the smallest corners or with a nice fragrance.

IW MANAGER

New software designed for total remote and local management of all the units in your wash facility.

SPRING HOLDER

The functional layout of the spring facilitates the use of the vacuum hose, preventing it from hanging on the ground and avoiding nozzle damage.

Model 4QA00

General features

- > Simple
- > Functional
- > Versatile

Main features

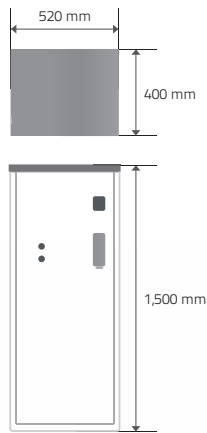

- > AISI 304 stainless steel structure
- > Product selector
- > External viewer with countdown timer and service counter internal function
- > Decorative vinyl included
- > Two or four products

Configurations:

- > **Exterior prewash**
Flat nozzle for insect remover and rim degreaser products.
- > **Interior care**
Spray nozzle for fragrances, and dashboard and tyre polish.

Technical features:

- > Power: 2x55W or 4x55W
- > Flow rate: 0.22 L/min prewash or 0.08 L/min spraying
- > Capacity: 2 x 20 L / 4 x 10 L
- > Hose length: 3.5 m without boom arm / 8 m with boom arm
- > Voltage: 230 V

Model 4QA00 ▶

OPTIONS

- > Payment systems: token, mechanical or electronic
- > Boom arm
- > Internal heater

2 POSSIBLE CONFIGURATIONS

EXTERIOR PREWASH OR INTERIOR CARE

SPRAYER

Analogue Model 4VA01

General features

- > Accurate
- > User-friendly
- > Design

Features:

- > Stainless steel structure. AISI 304
- > Easy-to-read, accurate pressure indicator. Compliant with EC directives
- > Air only, or air and water
- > Air and water automatic hose reels or spiral hoses
- > Reinforced inflater adaptor

Technical features:

- > Pressure: 0-10 bar/ 0-145 psi
- > Reading: 0.1 bar/2 psi
- > Hose length: 8 m (hose reels) or 7.5 m (spiral hoses)

Digital Model 4VA11

General features

- > Precision
- > Reliability
- > Simplicity

Features:

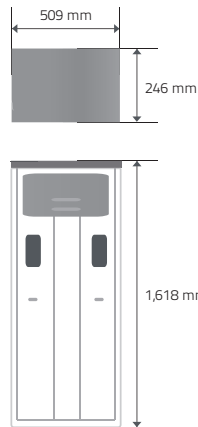

- > Stainless steel structure. AISI 304
- > Clear and precise digital LCD pressure display. Compliant with EC directives
- > Sounder goes off when the set pressure is reached
- > Air and water automatic hose reels
- > Payment systems: coins, tokens, proximity cards, combined method
- > Dual-nozzle inflater adaptor

Technical features:

- > Power supply voltage: 230 V
- > Pressure: 0.3-10 bar/ 4-145 psi
- > Reading accuracy: <0.08 bar/ <1.16 psi
- > Hose length: 8 m

OPTIONS

- > Payment system is optional

Model 4VA01 ▶

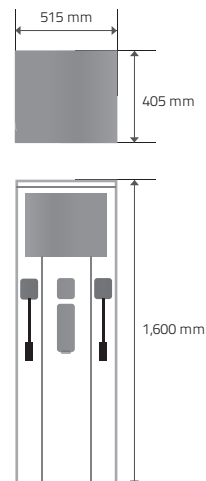

Benefits of having the right tyre pressure:

- + SAFETY
- WEAR
- FUEL CONSUMPTION

OPTIONS

- > Possibility of including internal compressor, direct type or with tank.
